

# Medical waste containers

## MS 30, 50 and 60, without UN approval

30, 50 and 60-litre container  
rectangular, non-approved

### Area(s) of use

For storing non-hazardous medical waste

### Technical data

- volume(s): 30/50/60 litres
- height: 315/517/646mm
- width: 378/378/378mm
- depth: 312/312/312mm
- without UN approval
- available in a variety of colours

### Accessories

The containers are supplied with a handle lid – a special feature that is only available from REMONDIS. Hooks have been added to the underside of the lid so that it can be attached to the bin when in use. The lid is particularly easy to close.
